

3-day online bootcamp "From Ideas to EU Funding" that provides a structured for understanding innovation grants. It begins by aligning organizational needs with strategic priorities, followed by identifying optimal EU funding calls. The bootcamp transitions into drafting core project concepts, scouting strategic international partners, and mastering proposal management. By day three, participants gain the essential tools to lead collaborative teams and transform raw ideas into competitive, fundable applications.

PROGRAM

- DAY ONE
NEEDS, PRIORITIES AND EU FUNDING
Analyze what you need and define priorities in alignment with your mission and objectives and how to look for the right EU funding call, plan your year for extra innovation funding and development
- DAY TWO
CONCEPT AND PARTNERS
Write the first concept from your needs and priorities and what the EU funding call is looking for. How to find the right partners, and how to contact them.
- DAY THREE
PROPOSAL AND TEAM
How to set up the basics for "proposal management", and establish a team mindset for the project.
